

Buying a home doesn't need to be complicated.

Attend an upcoming homebuyer class!

Considering buying a home? Attend an upcoming seminar and learn how to build a budget, prepare your credit, and get a comprehensive overview of the homebuying process from a noncommissioned Affinity loan officer and other real estate professionals before you start looking for a home.

This class also offers a certificate of completion from the WA State Housing Finance Commission that can be used when applying for down-payment assistance.
